True Discipleship: Luke 9:57-10:24

From April 25, 2010

1. Two Christian worldviews were discussed in the message - an apocalyptic world view and a “Live life right” worldview. What is the difference? Which view did Jesus hold? Where do we see that in this passage? Can you think of other passages that support that?
2. Are we to live this way? Why do you think so? What tensions does that create? Can we really fully live the apocalyptic life Jesus called us to and have a job, wife, family at the same time? How does life in an affluent culture make this difficult?
3. How can Jesus be loving and ask someone to leave their aging parents?
4. As you look ahead to Mission:Life Summer plans, how can you participate in faith rather than just in busyness?
5. How often do you see your life as engaged in an intense spiritual warfare?
