JEALOUS FOR GOD discussion questions

1. Describe if you ever felt your spirit provoked to jealousy for God by any idols in our culture. What can/should we do about that as Christians?
2. Describe a time when part of your view of God was idolatrous (i.e. it didn't line up with Scripture, but was a product of your own imagination).
3. Do you ever sense that God is feeling jealous toward you, when your heart is given more to other things than to him?
4. Our jealousy for God is a function of our love for God. How does one practically grow in his/her love for God?
5. Share ways you have personally tried to be like the noble-minded Bereans (Acts 17:11). What fruit have you experienced from it?
