

Do Justice

Have you experienced discomfort talking with friends or family outside the church about social justice? How about with fellow believers? What happened?

Read Galatians 5:17. Where do you stand on the spectrum of human depravity vs human perfectibility? (ie. are humans basically good, or basically bad?)

What is the difference between Biblical unity and conformity of thought?

According to Jesus's prayer in John 17, why is unity so important? (Look at verse 21)

Read Ephesians 4:1-6. Which of the following characteristics from verse 2 do you struggle with the most to walk in with other believers: Humility, gentleness, patience, or bearing with one another in love? (Remember the opposite of each: Humility - pride, gentleness - being mean, or harshness, patience - canceling people, forbearance - bitterness, anger).

The Holy Spirit can empower believers to better live lives characterized by humility, gentleness, patience, and forbearance. How do we access this power? How can we help each other in this?
