

# Missions

PLANT ~ WATER ~ GROW

2025

Summitview Family,

It's been almost 2 years since we moved here from China. God opened a door for me to be a missionary to reach the international students at CSU. For the past year, our team, ISMDA (International Students Making Disciples of All Nations), has been able to connect with students from 30+ countries.

I enjoy meeting new people through international events on campus. At the same time, we are trying to develop a fun and loving community for international students to come play sports at our gym, share meals with families, study the Bible together... and eventually walk with them to explore a new spiritual journey.

Relationships and understanding are especially important when we try to introduce a brand new message to people from a different world. To be honest, I am distressed thinking about what Salvation could mean to these Muslims, Hindus or anyone who has a spiritual stronghold in front of them, and how much they would have to risk for it.

But we do see hearts opened in God's timing. Please pray for me and our team to have the strength and wisdom in the relationships with those God puts in front of us. Pray for life breakthroughs and salvation! And for student leaders to rise up and reach more nations.

- April
